EXPERIENCE

Iron Spirits | Cumming, GA — *Freelance Web Developer*

March 2017 - PRESENT

- Iron Spirits is an interior design company that brings in \$500k in annual revenue.
- Develop company website using Wordpress, JavaScript, jQuery, CSS.

DigitalCrafts | Atlanta, GA — *Full Stack Developer Student*

November 2016 - March 2017

[Video Translation Tool](#) | [Repo](#) | March 6 - 23 | Group Project (3 Devs)

- Web tool that allows users of [New Story](#) to view, upload and translate videos from their charity. New Story is a non-profit organization that builds charity homes.
- As lead developer, extended beyond DigitalCrafts curriculum by pursuing Angular.js.
- Designed RESTful APIs with Express + MySQL and wrote corresponding http requests.
- Built ui-router routes and organized files accordingly to reduce merge conflicts.
- Solved algorithms (time range overlap, synchronize translation with video).
- Technologies Used: jQuery, Sass, Materialize, Express, MySQL, Angular.js (1.5)

[Upd8ed](#) | [Repo](#) | January 18 - 24 | Group Project (4 Devs) | First Place Prize

- Responsive SPA that aggregates the latest news from 60 different media sources.
- As lead developer and scrum master, designed react-router routes to efficiently distribute assignments during a 5 day sprint.
- Developed front (general page), business news, keyword-search pages of the website.
- Technologies Used: HTML, CSS, Bootstrap, Git, React.js, Node.js

[Pygame \(video\)](#) | [Repo](#) | Grid system defense game created in Python

[Eating Nemo](#) | [Repo](#) | Arcade + Shooting game created in native JavaScript

[Movie App](#) | [Repo](#) | Movie data presentation pulling from TMDb API

[Game of Thrones](#) | [Repo](#) | Blackjack + Memory Match game using jQuery

ATDC Hackathon — *React.js Front End Developer*

February 10-12 2017 (Private Repo)

- MERN Stack travel application built on the idea of an open-ended search feature.
- Contributed to client side development and form validations on all routes.

Hawks Co.Ltd. | Changwon, Korea — *Client Liaison*

December 2014 - May 2015

- Hawks Co.Ltd. is an industrial valve manufacturing company.
- Translated all contracts and negotiations for international clients.

Republic of Korea Army | *ATCIS-R Operator, Operations Staff*

April 2013 - December 2014

- Operated ATCIS-R ([similar public software](#)), a geolocation tool connected on the ROKA intranet that tracks and updates personnel and inventory information.
