EXPERIENCE

Iron Spirits | Cumming, GA — Freelance Web Developer

March 2017 - PRESENT

- Develop company website using **Wordpress, JavaScript, jQuery, CSS**.

DigitalCrafts | Atlanta, GA — Full Stack Developer Student

November 2016 - March 2017

[Video Translation Tool](#) | [Demo](#) | [Repo](#) | March 6 - 23 | Group Project (3 Devs)

Technologies Used: jQuery, Sass, Materialize, Bootstrap, **Express, MySQL, Angular.js (1.5)**

- Created a web tool that allows users of [New Story](#) to view, upload and translate videos from their charity. New Story is a non-profit organization that builds charity homes.
- As lead developer, extended beyond DigitalCrafts curriculum by pursuing Angular.js.
- Designed **RESTful APIs** with **Express + MySQL** and wrote corresponding **http requests**.
- Built **ui-router** routes and organized files accordingly to reduce merge conflicts.
- Created solutions to solve for **time range overlaps** and **video-translation synchronicity**.

[Upd8ed](#) | [Repo](#) | January 18 - 24 | Group Project (4 Devs) | First Place Prize

Technologies Used: HTML, CSS, Bootstrap, Git, **React.js, Node.js**

- Acted as team lead and scrum master, designed **react-router** routes to optimize work distribution, producing a SPA that gathers data from 60+ news sources.
- Developed and designed home, business, search pages of the website.

[Portfolio](#) | [Repo](#) | Created animations, custom code-linter, and designs in **React.js**

[Pygame \(demo\)](#) | [Repo](#) | Grid system defense game created in **Python**

[Eating Nemo](#) | [Demo](#) | [Repo](#) | Arcade + Shooting game created in native **JavaScript**

[Movie App](#) | [Repo](#) | Movie data presentation pulling from TMDb API

[GoT Game](#) | [Repo](#) | Blackjack + Card Match game using **Bootstrap** and **jQuery**

ATDC Hackathon — React.js Front End Developer

February 10-12 2017 (Private Repo)

- Contributed to **client side development** and **form validations** of a MERN stack application built on the idea of an open-ended travel search feature.

Hawks Co.Ltd. | Changwon, Korea — Client Liaison

December 2014 - May 2015

- Translated contracts and negotiations for international clients.

Republic of Korea Army | ATCIS-R Operator, Operations Staff

April 2013 - December 2014

- Operated ATCIS-R, a geolocation tool connected on the ROKA intranet that tracks and updates personnel and inventory information.
